ENTERPRISE OVERVIEW

ACE Companies is a Detroit-based business platform led by CEO Moses J. Shepherd, consisting of three integrated operating companies that support government, municipal, industrial, and infrastructure customers across the United States. The enterprise includes ACE Petroleum, ACE Restoration Services, and SJ Power Solutions, which collectively provide energy supply, infrastructure support, maintenance and restoration services, and advanced power storage solutions. Together, these companies deliver reliable operational support to public agencies, fleet operators, utilities, and commercial facilities.

CORE CAPABILITIES

Energy Logistics

Diesel, gasoline & aviation fuel distribution, bulk supply, and emergency petroleum logistics

Fleet Power Systems

Group 31 batteries & fleet power with industry-leading 5-year warranty

Infrastructure Support

Materials and supply programs for transportation networks and large facility operations

Industrial MRO

Facility maintenance materials, electrical, plumbing, tools, safety PPE & cleaning supplies

Supply Chain Mgmt

End-to-end logistics coordination for federal, state, and infrastructure procurement

Emergency & Disaster Response

Rapid deployment of fuel, MRO supplies & power systems supporting disaster recovery and continuity of critical infrastructure

PAST PERFORMANCE

- Municipal fleet fueling — Detroit, Wayne County & regional governments
- Fuel & material supply to infrastructure construction contractors
- Facility MRO programs for government property portfolios
- Group 31 battery supply for DDOT & heavy equipment fleets

CONTRACT VEHICLES

- GSA Multiple Award Schedule (Pending)
- Municipal Procurement Contracts
- Infrastructure Supply Agreements
- Utility & Transportation Programs

TARGET AGENCIES

Dept. of Defense (DoD)

Defense supply chain & fuel logistics

Defense Logistics Agency (DLA)

DLA procurement & supply programs

Gen. Services Admin. (GSA)

GSA schedule MRO & fuel contracts

U.S. Postal Service (USPS)

Fleet fuel & maintenance supply

Municipal Governments

City & county fleet & facility programs

Transportation Agencies

Transit fleet fuel & battery programs

Utilities & Infrastructure

Utility MRO, fuel & power systems

COMPANY CAPABILITY DETAIL

ACE Petroleum • ACE Restoration Industrial Supply • SJ Power Solutions

ACE PETROLEUM Energy Logistics Division

ACE Petroleum delivers reliable fuel distribution and energy logistics to municipal fleets, federal agencies, aviation operators, infrastructure contractors, and transportation authorities. We provide contracted supply programs, emergency response fueling, and bulk delivery with government-cleared vendor status.

SERVICES & CAPABILITIES

- **Diesel Fleet Fueling**
Contracted fueling for city, county & state fleets
- **Gasoline Supply**
Government vehicle fuel with volume discount
- **Aviation & Jet Fuel**
Airport ground support & aviation fueling services
- **Bulk Fuel Delivery**
Infrastructure & construction site bulk logistics
- **Emergency Response**
Rapid disaster & emergency fuel deployment 24/7
- **Petroleum Procurement**
End-to-end supply chain management & delivery
- **Fleet Contract Mgmt**
Long-term government fuel supply agreements
- **Fuel Quality Assurance**
Certified clean fuel meeting all regulatory standards

WHO WE SERVE

- › City & County Government Fleets
- › State & Federal Agencies
- › Military & Defense Contractors
- › Airport & Aviation Operators
- › Infrastructure Contractors
- › Transportation Authorities
- › Emergency Response Agencies
- › Utility & Energy Operators

KEY ADVANTAGES

- ✓ 24/7 Emergency Response Capability
